IMPORTANT

LICENCE VARIATION - YOUR NEW LICENCE DOCUMENT ENCLOSED

I wrote to you in October 2008 explaining changes we were proposing to make to your Wireless Telegraphy (Radio) licence(s), which included varying your existing Business Radio licence(s). After an extensive consultation process on these changes, a new simplified licensing structure for Business Radio has been designed to introduce new flexibilities for licensees, and to allow more efficient use of radio spectrum. Ofcom has now implemented three new simple licence types which replace 21 old types of Business Radio licence.

Enclosed is a copy of your new Wireless Telegraphy licence, issued under the new arrangements. Your new licence(s) will not prevent you from doing any of the things you were permitted to do under your old licence. Instead, we have removed certain restrictions, which are not essential in minimising the risk of interference.

Do I need to do anything?

You should retain your new licence document(s) for future reference or inspection. You **do not** need to do anything more unless you believe your licence details are incorrect.

If your licence details are incorrect, you can contact the Ofcom Licensing Centre on:
020 7981 3131 or 0300 123 1000

Or by emailing us direct at brenquiries@ofcom.org.uk

Yours sincerely

Anna Smith
